This was a two day meeting, with delegates staying at a traditional English hotel in Stratford on Avon.

Following a review of the project to date, results of Work Package 3 the training needs analysis (TNA) were presented and the results discussed. Differences were noted between the requirements for large and small companies, and between the countries of the group members.

Using the results from the TNA, the focus and structure of the course took up the remainder of the meeting, and a final structure was developed with each of the members assigned specific modules.

There will be 4 modules covering, Improving agents; Shelf-life; Sour doughs, and Fat issues and these will be delivered over a 3 day programme.

Date and timings of the next meeting were discussed.

All participants saw the potential for the programme and were looking forward to Training the Trainer later in the year.
